TO OUR CORRESPONDENTS.

Get the news and get the news—From Dana's Celebrated Malt in Journalism.

The Grand Lodge of Knights of Pythias meets at Bowling Green Sept. 17.

There are said to be seven members of the Constitutional Convention of 1849 still living.

The Louisiana Cotton crop is reported larger this year than ever known before. The total number of bales reached 7,311, 322.

Eric Ell H. Murray has bought a hall interest in a daily paper in California and goes regularly into the newspaper business.

A New York man has discovered that you can't really strike a match on a pane of glass as on anything having a rough surface.

The Louisville and Nashville Cannon Ball train was held up near Pensacola Junction, forty miles above Mobile, Ala., and the messenger compelled to turn over the contents of his safe.

Reed has gone back to Maine to ask for an endorsement and his reelection to Congress. The people of Maine through decency and for the good of the country should keep Reed in Maine.

Miss Saunders, of Cincinnati, aged twenty-one, has just had a piece of glass ball in his long finger from her foot, which she swallowed when only seven years old. It caused her no uneasiness until a week ago.

How, Asher T. Caruth has announced himself a candidate for reelection to Congress from the Louisville district. The City of Louisville never had a more efficient or faithful representative than Mr. Caruth.

Among the subjects sent to some of the County Teachers' Institute by the State Board of Education was the following: "How to induce Kentucky parents to take as much interest in their children as they take in Kentucky cattle."

The distress of the Republican leaders since the death of the Force Bill indicates that the treasury, if any of them, is not to hold the party in power. The old machine is no longer self-sustaining and nothing short of money and bayonets seems to offer a chance for relief.

Representative Montgomery has had passed in the House a bill for the relief of Hart county. It refunds to the county over two thousand dollars, being amount collected by the United States Government as an income tax from the county in the shape of internal revenue stock held by the county. Two years ago Mr. Montgomery opposed such a similar bill for Harlan county.

The members of the Farmers Alliance have acted very decently in this county with respect to politics. If any of them have ever shown a disposition to run public affairs we have not heard of it. We believe however the majority of them favor Mr. Leahy for Governor, and he is not a bad election. It is time the farmers should be heard in making choice for Governor if they wish to be.

The quinine manufacturers of Philadelphia and New York have been to Washington to urge Congress to strike that article from the free list. Although the manufacturers of this article have made a big profit on it as it stands, they do not want to be left out of that great army of protectionists. If they do not everything they ask for from this Republican Congress. If there are any other people that want protection they have better get it early, for this business will not last always.

The friends of Capt. Westfall all along the river will read the following from the Louisville Commercial which pleases, and will be glad to know that he has filled his office so faithfully and well. The Commercial says, editorially: "Our corrupt and extravagant city administration" (vide Louisville Commercial) "showed up remarkably well last evening before the Board of Charity Commissioners, in the report from the City Almshouse. The superintendent of that institution, Mr. Wagon, under good management, to get along with something less than half the money appropriated for its expenses during the year, and returns the other half to the treasury. Mayor Jacob, deserves credit for selecting so capable a superintendent. Capt. Westfall has managed the Almshouse admirably. It was never kept in good condition, its inmates were never better cared for than more comfortable, the farm was never made more productive, and expenses were never so low." Capt. Westfall is a good disciplinarian, a good manager, a good man of business, and, at the same time, is a highhearted, charitable, patient, considerate gentleman. The city is to be congratulated on having such a man to manage it. He is a credit to our city, and Mayor Jacob is to be congratulated for finding him and promoting him to the place.

The President has withdrawn the game of Mrs. Mary Wright, sole postmaster at Hopkinsville, Ky.

This well known business firm of New York, Wallace & Co., New York City, assigned last week for \$150,000.

The Democrats of the House are determined that Mr. Breckinridge, of Arkansas shall not be robbed of his seat without a very bitter fight.

The Hon. J. J. Ingalls attended nearly as much attention by his silence as he ever did by his red hot speeches. How it soothes and calms a man for his constituency that he has represented for eighteen years to sit down upon him.

The victory gained in Kentucky at the August election is one for the Democrats to feel proud of, but they must not think their work is done. There is a more important election coming on shortly and the harness should not be put off.

The advice of Chairman Cushman to the County Committee has the right ring and should be heeded by all.

The delegate to the Constitutional Convention from this county in 1850 was a farmer, Henry Washington, the father of Mr. H. E. Washington, of Irvington, was elected to that Convention, representing Col. David R. Murray, of Cloverport. The contest was a pretty hot one and while both men were quite popular, Washington had a better time for mixing with the people than Murray. Col. Murray's manner was rather of the reserved order, and he hadn't the skill for electioneering that his competitor possessed. But he was highly informed and out ranked Washington as a public debater. Washington advocated the election of all judicial officers directly by the people, while Murray contended that the Circuit Judges and some others should be appointed by the Governor. This question was of signal importance at that time and the election of Mr. Washington convinced the idea that his views were in accord with a majority of his constituents. Washington died before the Convention fully adjourned, but he was there and took part in the important work of framing the amendment. The name of Daniel J. Stinson appears among the delegates to the Constitution, but being elected to succeed Mr. Washington he did not appear in the Convention until its labors were about wound up.

Mr. R. H. Bradshaw of this place will move to Owensboro in a few days where he will engage in the drug business.

Madam Rumor says there will be eight weddings to take place here in October. She is a wise old "sis", but she will likely be disappointed.

Mr. Will Brown subscribed for the Evansville News before he left for his home school Monday. He wanted to get the news of two counties in one paper he said.

The Union Club has been revived again and the place is full of life. The members are taken from the trap, but most generally from coming in contact with the hard ground.

Mr. Hugh Owen, town Marshal, was married last Wednesday evening to Mrs. Wright of this place. Rev. Morrison officiating. Quite a crowd was present at the ceremony.

Mr. Eliza Bondurant gave a dance to the young folks the night before he gave position of his job. Mr. Bondurant moved into his home formerly occupied by Mr. H. B. Livers.

A visit to Ekron last week found business good and the little town still on the improve. Mr. C. R. Bryant is setting out a new orchard, which he has planted with apples and the wheels who number some seventy odd, say they will have no need to stop a store, as long as goods sell as they do here.

Mr. J. J. Goss is a Wheeler, but Not a Third Party Man.

The Courier-Journal of Wednesday has the following: "The prominent farmers of the State, who are no less Democrats because they are farmers, look with disfavor upon the attempt of some Republican members and interested parties to involve the Farmers and Laborers' Union in politics. They think there is no room for a third political party, and that all the issues and motives really popular among the farmers are embodied in the Democratic platform."

"Capt. A. J. Goss has been spending a few days here on his way to Lawrenceburg, where the reunion of the Ordnance Brigade will be held this year, beginning to-day. Capt. Goss was interviewed by a Courier-Journal reporter yesterday concerning the movement into politics of members of the Union in Western Kentucky." Said Capt. Goss:

"Yes, I am a member of the order, but before I joined it I had a distinct idea of its purpose. It was to organize the Union of Italy, Ky., and it was publicly announced that the order was not for the purpose of taking part in politics, as an independent organization, and that it was to make no war upon our local merchants. This was publicly proclaimed."

"I had long felt that the farming interest in this country had been oppressed, but I am certain that the organization is one that, if not wholly, of exorbitant taxation. I believe that if the farmers of America were not represented in the Congressional district, they would be so prosperous that they would not dream of banding together in Wheels and Alliances. It is because they are taxed to protect others that they feel the injury and hence the various orders of farmers seeking to change the existing state of affairs."

"The Democratic party offers the relief sought, and I believe every farmer should seek to put the Democratic party in power. Then, if relief did not come, let them form an independent party."

"I am joined to see that the 'Wheels' in the Second Congressional district are taking action in politics, independent of the Democratic party. It is a mistake, and I fear it is an effort on the part of the Republican members to consolidate the 'Wheels' with the Democrats, and the Republicans, which would inevitably result if there was a split in the Democratic party."

Mr. Stephen Zeiler, who has had the contract for building the stone abutment for the bridge, has just completed the North Erie bridge. He has just completed the North Erie bridge. He has just completed the North Erie bridge.

The failure of the train on the L. H. & W. railroad to make connection at Irvington, thus delaying the mail from this point, was the cause of no Hardinsburg news appearing last week. The train is always an hour or hour and a half late on this branch, and if it is not the citizens will petition the post office department to have the mail put back on the road between here and Cloverport.

Mr. F. F. Bead's term as Chairman of the Democratic County Committee has virtually expired, as there will be a new man elected at the meeting here next Saturday. It will not be agreeable to the committee to elect a new man, and the members of the Committee, and as Mr. Bead will not be a member of the Committee which meets next Saturday, of course there is no chance of his being re-elected to the Chairmanship. The members of this district insist on electing him as one of the Committee men, but he positively declined. He said he had been acting long enough and wished to rest. B. H. Bead and W. K. Barnes were the two Committee men chosen. Since Mr. Bead has been Chairman of the County Committee, he has done some good work and always took an active interest in whatever measure that came up for the success of the party.
